# AERO-TECH NEOPRENE SUPPORTS

A range of firm level supports for sports, stability and rehabilitation use.

The **AERO-TECH NEOPRENE** range is made from comfortable and breathable neoprene with terry cloth lining and reinforced edging. These layers move moisture away from the body, keeping you comfortable. The Airflow neoprene construction allows air to circulate and keeps the skin dry. These special features result in allowing the skin to function as normal in spite of the therapeutic warmth being provided by the neoprene layer.

**AIRFLOW NEOPRENE CONSTRUCTION**

**ONE SIZE FITS ALL**

## KNEE STABILIZER

The support has **two coiled spring stabilizers** on each side of the knee joint which provides support and stability. The **open patella design** helps keep the patella in place and assists in eliminating painful tendon damage.

SIZE	PRODUCT CODE	BARCODE
Universal	KED050	6003058068507

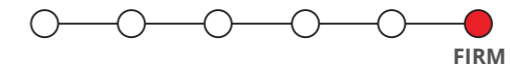

## HINGED KNEE SUPPORT

The support has **dual axial removable hinges** and an **open patella** design, with additional support around it for increased comfort. The dual side hinges ensure rigid support and stability. The velcro straps are fully adjustable to enable a comfortable fit.

SIZE	PRODUCT CODE	BARCODE
Universal	KED025	6003058068255

## PATELLA STRAP

The support is created with a comfortable and **reinforced patella cup**. It is designed to fit **securely below the kneecap**, applying pressure to the patella tendon. It assists with movement in the kneecap and reduces the force going through the kneecap and tendon.

SIZE	PRODUCT CODE	BARCODE
Universal	KED030	6003058068309

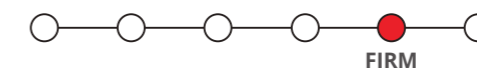

## ADVANCED ANKLE SUPPORT

The support features a **double velcro strap** fastening system. This ensures a comfortable and firm compression around the entire ankle joint. This brings stability to help eliminate lateral movement of the ankle. The additional elasticated power wrap adds additional support whilst providing adjustable and controlled support.

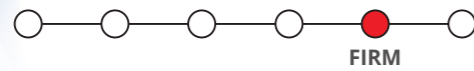

SIZE	PRODUCT CODE	BARCODE
Universal	KED049	6003058068491

## ADVANCED ELBOW SUPPORT

The support has **dual velcro adjustable straps** to provide a comfortable and secure fit whilst ensuring even compression on the joints and muscles. This maximises stability to help aid in recovery of injuries and prevent further damage. The additional elasticated power strap enhances the pressure and stability on the lower elbow tendons and muscles.

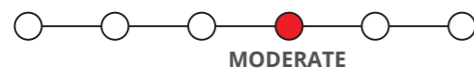

SIZE	PRODUCT CODE	BARCODE
Universal	KED051	6003058068514

## TENNIS ELBOW SUPPORT

The support helps brace the muscles and tendons, which through overuse, can cause pain in the elbow joint. The pressure created by the **tendon pad** gives targeted support whilst retaining body heat to increase flexibility.

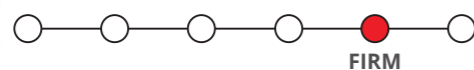

SIZE	PRODUCT CODE	BARCODE
Universal	KED028	6003058068286

## ADVANCED WRIST SUPPORT

The support incorporates the base of the thumb to provide a secure fit around the wrist joint. The extra supportive **power wrap** can be positioned to maximize stability and adjust the level of compression.

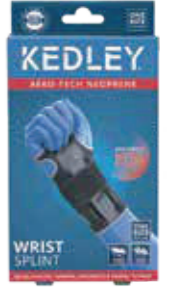

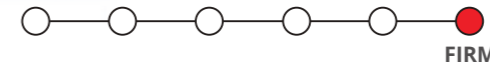

SIZE	PRODUCT CODE	BARCODE
Universal	KED048	6003058068484

## WRIST SPLINT

The support was specially created to fit both the left and right hand. The **malleable metal splint** allows the brace to take shape to your specific needs, whilst ensuring rigid support.

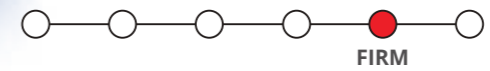

SIZE	PRODUCT CODE	BARCODE
Universal	KED027	6003058068279

## ADVANCED THUMB BRACE

The support features **two flexible removable metal stays** for extra support and stability. The adjustable thumb loop ensures a secure fit whilst the adjustable, broad wrist band provides additional stability to the base of the thumb and wrist.

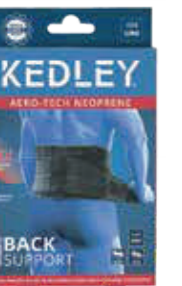

SIZE	PRODUCT CODE	BARCODE
Universal	KED018	6003058068187

## ADVANCED BACK SUPPORT

The support is designed to provide maximum support to the middle and lower back. The adjustable velcro belt ensures that the brace fits comfortably. The double, highly elasticated supportive sub-belts creates a secure and firm support.

SIZE	PRODUCT CODE	BARCODE
Universal	KED029	6003058068293

# PRO-LIGHT NEOPRENE SUPPORTS

A range of mid-level supports for everyday, sports and arthritic use.

The **PRO-LIGHT NEOPRENE** range is made from neoprene rubber, infused with polyester and polyamide fabric to provide extra strength and flexibility. Heat therapeutic neoprene helps warm stiff, aching muscles and arthritic joints. The fully adjustable designs allow for a custom fit to a range of body types and ages. Reinforced edging increases product durability.

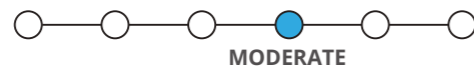

## KNEE SUPPORT

The support has an open patella design with enforced lining for additional support. The **three-way strapping system** allows for a secure fit.

SIZE	PRODUCT CODE	BARCODE
Universal	KED019	6003058068194

# ORTHOPAEDIC SUPPORTS

A specialised supports range to meet individuals specific needs. Each support caters to a specific body part that requires support after injury or surgery.

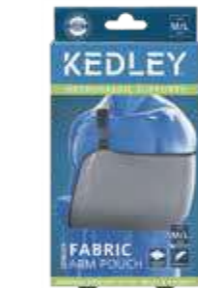

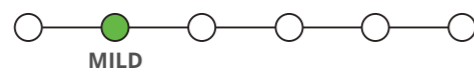

The **ORTHOPAEDIC SUPPORT** range is made from high quality materials to ensure maximum support and stability during recovery.

## FABRIC ARM POUCH

The support is designed to offer effective support to the wrist, arm, elbow and shoulder. The **adjustable strap** sits comfortably across the back and shoulder offering excellent support and comfort to help promote recovery and healing.

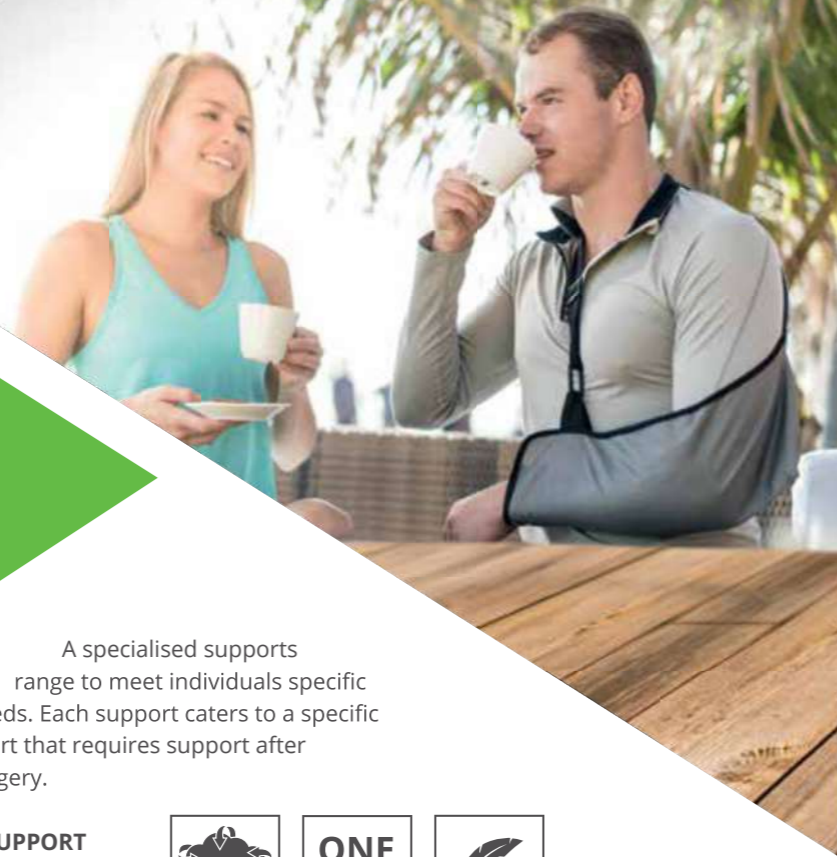

SIZE	PRODUCT CODE	BARCODE
Junior (S/M)	KED047	6003058068477
Senior (M/L)	KED043	6003058068439

## ADVANCED FOAM ARM SLING

The support has been designed to offer comfortable, discreet and effective support to the wrist and arm. The weight of the forearm and wrist is carried by an **adjustable foam strap** that sits comfortable around the neck. Its contoured shape offers superior comfort and support.

SIZE	PRODUCT CODE	BARCODE
Universal	KED056	6003058078315

## FOAM ARM SLING

The support has been designed to offer effective support to the wrist and arm. The weight of the forearm and wrist is carried by an **adjustable foam strap** that sits comfortably around the neck.

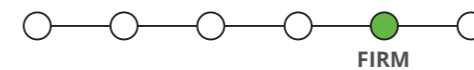

SIZE	PRODUCT CODE	BARCODE
Universal	KED044	6003058068446

## LACE-UP ANKLE SUPPORT

The support provides rigid support and stability around the entire ankle joint. The **velcro straps** are fully adjustable to enable a comfortable fit, whilst the lace-up design creates a secure fit for extra support.

SIZE	PRODUCT CODE	BARCODE
Universal	KED026	6003058068262

## SOFT NECK COLLAR

The support has been manufactured using soft foam. The design allows for firm and steady neck support. The adjustable Velcro strap enables you to adjust the collar size, whilst ensuring a comfortable fit.

SIZE	PRODUCT CODE	BARCODE
Junior (S/M)	KED045	6003058068453
Senior (M/L)	KED046	6003058068460

# THERAPY PLUS RANGE

A range of lifestyle supports and products for therapy, rehabilitation and everyday use.

The **THERAPY PLUS** range is made from only the highest quality materials to ensure comfortable support and to promote healing and recovery.

## HOT/COLD GEL PACK

Hot/Cold Gel Pack Compress for **natural pain relief** without medication. Supplied with a protective positioning pouch for easy application.

SIZE	PRODUCT CODE	BARCODE
Universal	KED065	6003058078407

## ICE BAG

The Ice Bag is suitable to use on most body parts. Using cold therapy helps to reduce swelling and can relieve aches and pains.

SIZE	PRODUCT CODE	BARCODE
Universal	KED069	6003058078445

## MATERNITY SUPPORT BELT

The support belt is for on-the-go mums that need **relief from back, hip, abdominal pain, and sciatica**. Designed and manufactured using premium, soft and breathable materials that mould to your changing shape. Suitable for both prenatal and postpartum use for recovery.

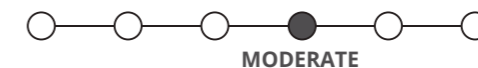

SIZE	PRODUCT CODE	BARCODE
Universal	KED063	6003058078384

## WAIST TRIMMER

The Waist Trimmer is produced using high quality neoprene that retains heat created during exercise, **increases blood circulation to the abdominal muscles and traps heat around the mid-section**, helping to flatten and tone the abdominal muscles.

SIZE	PRODUCT CODE	BARCODE
Universal	KED064	6003058078391

## POSTURE CORRECTOR

The **posture corrector retrains muscle memory** by gently pulling back the shoulders and straightening the spine to the correct posture to eliminate slouching, whilst helping to relieve neck, shoulder and back pain.

SIZE	PRODUCT CODE	BARCODE
Universal	KED062	6003058078377

## ARTHRITIS GLOVES

KEDLEY Arthritis gloves are designed to provide compression, help circulation and reduce inflammation around the joints to **relieve arthritic pain** in the knuckles, fingers and wrists. Produced using high quality nylon infused with copper.

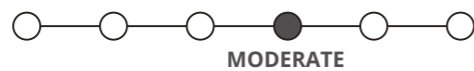

SIZE	PRODUCT CODE	BARCODE
Small	KED066	6003058078414
